

From the Quinault River Inn Team

To Our Valued Guests

Taking care of our guests and staff is the singular value that guides us as we face the difficult challenge of responding to the coronavirus (COVID-19). We appreciate and support the healthcare workers, local communities, and governments who are on the front line working to contain this unprecedented coronavirus. The Quinault River Inn is acting on their advice to ensure a healthy facility. Thank you in advance for putting your trust in us. Your health and safety are our primary concerns.

The COVID-19 virus requires all of us to be more mindful in our regular activities.

- If you are sick, stay home.
- Wash your hands often.
- Don't touch your face.
- Cover your sneezes.
- Maintain social distance.
- Think of others!

Have confidence in the Quinault River Inn. We are doing everything we can to daily clean and sanitize your accommodations. We closely monitor the World Health Organization, the Centers for Disease Control and Prevention and local health agencies for the latest developments. We are reinforcing their health and safety recommendations with management, housekeeping and support staff. Our health and safety measures are designed to address a broad spectrum of viruses, including COVID-19, and cover everything from hand washing hygiene, appropriate cleaning products, and guest room and common area cleaning procedures that include everything one would touch.

Additionally, to provide our customers the most flexibility during these challenging times, until April 30, 2020, we will allow changes or cancellation without a charge up to 24 hours prior to arrival.

These are unsettling times and whether you are traveling now or in the future, we want you to know that your safety and wellbeing are our first priority. We look forward to serving you.
